RE: **WE ARE RUNNING OUT OF TIME....**

I am disappointed to report that **SB 592 and SB 330 have cleared committee hurdles and will be headed to the Assembly and then the Governor's office by, or around, September 13th.**

We must let our representatives know that we **DO NOT SUPPORT ANY BILL THAT DESTROYS SINGLE-FAMILY NEIGHBORHOODS.**

Furthermore, neither of the Bills addresses the real problem in California which isn't a housing shortage, but a shortage of affordable housing.

Please feel free to let our State Representatives, and the Governor, know that there are better ways to solve this problem than ruining neighborhoods. We can up-zone commercial corridors, develop underutilized state property (thousands of lots), encourage employers to establish their companies further out in the suburbs in order to change commuting patterns.... We just need the time to RESPONSIBLY figure this out.

PLEASE WRITE, OR CALL, IMMEDIATELY to oppose the passage of these bills.
